

XCMG STORY

XCMG RECONDITIONED MACHINE

XCMG reconditioned machine is the second-hand machine program launched by XCMG for the post market. XCMG takes advantage of its dealer's network to collect the second-hand XCMG machine that falls into strict standards: good condition, full function and low service hours. The returned machine is then disassembled, repaired, painted, rebuilt and tested officially by XCMG, and the product life is therefore extended. The price of XCMG reconditioned machine is far lower than that of the new one, but its performance and safety are not compromised thanks to XCMG's state-of-the-art processes and technologies. In order to dispel customers' concerns, XCMG establishes a strict evaluation system for reconditioned machines and invites SGS to issue third-party certification.

OUR TEAM

150+ SPECIALISTS

150+ specialists participate in the reconditioning process.

Inspection Team
Certified professional assessors who have worked for more than 10 years conduct comprehensive analysis on the

Reconditioning and Repairing Team
Refurbish core parts to restore capacity. Replace all worn parts with genuine XCMG new ones.

Issuing Report Team
Certified examiner inspects, tests and certifies the reconditioned machine. SGS provides the third-party inspection certificate.

FAQ

FREQUENTLY ASKED QUESTIONS

1. What's the warranty policy for XCMG reconditioned machines?

The warranty policy does not cover the covering parts and wearing parts. For engine, gearbox, hydraulic pump, distributor valve and electric system, the warranty period will be 3 months or 500 working hours whichever comes first. If there is any problem within warranty period, XCMG will provide solutions accordingly.

2. How about the quality of your machine?

The procedure of recondition is taking the same criterion of brand new XCMG machines, therefore, quality of machines will be guaranteed. They are ready to work for you and XCMG will provide test report from professional institute.

3. Are you the original manufacturer?

Yes! XCMG is leading construction machinery industry in China and XCMG can provide a complete range of construction machines.

4. Can you satisfy my special requirement?

As the manufacturer, XCMG will review the special requirement and recondition it as per request (if possible).

5. What is acceptable payment terms?

Usually XCMG will accept T/T before shipment or 100% Letter of Credit at sight.
